

*“The purpose of education is to make students capable of living their lives fully at all levels of their personalities. They should be able to face the numerous challenges of life and carve out a purposeful future for themselves.”*

*A heart filled with aspirations is all that we knew since the very existence of the school and that's what gave us the ambition of marching forward till excellence is achieved in all our endeavours. Annual report is a compilation of some of our achievements events and celebrations made during the academic year 2023-2024*

**Education is a lifelong process of development of one's personality which starts from the school. In today's time, when there is a huge crisis of moral values in society, value-based education proves to be the solution. Our vidyalaya believes in Value based education and it makes our school a school with a difference.**

**We develop our children into people with strong character and values who know how to utilize their knowledge for the advantage of mankind. With Value Education embraced into our curriculum, our students emerge as all-round and well-developed individuals, holistically ingrained with a humane outlook and integrity of spirit, not just fulfilling their lives but also strong enough to meet the challenging times ahead.**

**We implement this by conducting innovative activities, celebrating important days ,events and festivals**
